November 2024

Wayne Regional Educational Service Agency is pleased to provide you with our annual Wayne County Schools Directory, which is also available digitally for your convenience at www.resa.net/about/wayne-county-district-and-lea-directory . This directory provides contact information for the 33 school districts and 90-plus public school academies in Wayne County, state and regional educational institutions, and private schools countywide. Education is a critical component of life in Wayne County, and our work directly impacts more than 260,000 students in our 43 communities.

Guided by our mission, Wayne RESA is committed to leadership through service and collaboration for excellence in teaching and learning for all. We work hard to ensure that we provide services that are relevant, timely, needed and wanted by all of our stakeholders. These services include, though are not limited to: providing quality professional development, instructional support services, software applications and support for district student and administrative services, group purchasing, and much more. It is important to note that Wayne RESA continues to help schools collectively save more than \$35 million by providing consolidated/shared services throughout the county. In addition, Wayne RESA also provides state-mandated functions including pupil accounting, as well as special education monitoring and compliance.

For more information on our services and programs, please see the listing of Wayne RESA departments and staff on pages one through eight of this Directory and be sure to visit our website at www.resa.net or contact us at (734) 334-1300 with any questions.

Please accept my best wishes for a positive and productive 2024-2025 school year!

Sincerely,

Daveda J. Colbert, Ph.D.
Superintendent
